SECURE DATA DESTRUCTION YOU CAN TRUST

HJM | MEDIA SERVICES

Secure Destruction Social Media Management & Training

From arrival to final recycling, we handle your data with absolute care. Our process ensures security, transparency and sustainability, giving you total peace of mind at every stage.

Intake & Tracking

- Every item logged on arrival
- Robust tracking from start to finish
- Total accountability across the process

Sustainable Recycling

- All shredded media responsibly recycled
- Reduces waste and environmental impact
- Supports a more sustainable future

Data Erasure

- Neodymium magnet fully degausses media
- Disrupts all magnetic data storage
- Permanently erases all information

Certificate of Destruction

- COD issued automatically with every job
- Optional video footage of shredding
- Full compliance and transparency assured

Physical Destruction

- Shredders turn media into tiny confetti
- Nothing retrievable or restorable
- Complete physical and digital destruction

Deleting or destroying data yourself isn't secure enough. Trust us for professional, certified media destruction.
